This half term’s value focus is KINDNESS

Kindness is the simple yet powerful act of being considerate and compassionate towards others. It can be as small as a smile or a compliment, or as impactful as offering support in times of need. In our fast-paced world, kindness fosters connections and builds a sense of community. It encourages empathy, spreads positivity, and can even inspire others to pay it forward. Please take a moment to speak to your child/ren about this very important value.

Thank you so much to everyone for supporting our Christmas Fair yesterday afternoon. We raised over £2500. We really do appreciate all the support for this fundraiser. The money we raise at these fundraising events is used for a variety of purposes. Examples are; transport for educational visits and booking visiting theatre groups / music groups / authors.

Below is a list of the raffle tickets numbers drawn at the end of the evening. If you have a winning ticket please take it to the Infant Office to collect your prize:

Pink	Green	Yellow	Orange	White
695	384	18	68	33
778	492	19	83	61
867	516	30	249	90
909	627	123	336	117
910	751	146	398	285
932	804	306	507	490
999	955	785	637	493
			642	519

Winter Cough and Colds

At this time of year there are lots of bugs and germs about. Here are some reminders to try and minimise the spread of germs to prevent outbreaks.

Diarrhoea and Vomiting: children must not return to school for 48 hours after the last symptoms.

Respiratory infections including Covid-19: children should not attend school if they have a high temperature or are unwell to avoid passing on any infection to others. The Isle of Man Government guidance for COVID-19 can be found using this link: <https://covid19.gov.im/general-guidance/>

Swimming: good standards of personal hygiene must be maintained at the swimming pool at all times. The Isle of Man Swimming Guidelines state that children suffering from the following should not be permitted to swim: colds, coughs, sore throats, and nasal catarrh. If children are not well enough to attend swimming we would like to politely request that they stay at home until they are better as this will prevent infection being passed onto others.
